The image displays a commemorative stamp design for the JR Tokaido Line Tokyo Station. At the top, a photograph of the historic red-brick Tokyo Station building is shown, with the 'Utsunomiya Tokaido Line' logo in the upper right corner. Below this is a blue banner with the title 'JR常磐線 東京駅乗り入れ記念' (JR Tokaido Line Tokyo Station Commemorative) and the text 'JR東日本商品化推進課' (JR East Japan Product Development Department) on the right.

The central part of the design features two large photographs of trains: a white and blue JR E531 series Shinkansen on the left and a white and purple JR E657 series Shinkansen on the right. Below these are two rows of five smaller stamp designs each, each with a white border and a perforated edge. The top row stamps feature different Shinkansen models: E657 (white and purple), E531 (white and blue), E532 (white and blue), E455 (white and yellow), and E353 (white and red). The bottom row stamps feature various JR Tokaido Line commuter train models: E531 (white and blue), E353 (white and blue), E455 (white and blue), E260 (white and green), and E261 (teal and white). Each stamp includes the 'NIPPON 82' logo at the bottom.

At the bottom left, there are three small circular icons and their corresponding text:

At the bottom right, there is a color calibration bar with seven colored dots (black, grey, yellow, cyan, magenta, blue, white) and the text 'CMR00000002'.
