The poster is a commemorative document for the 150th anniversary of the modern currency system in Japan. It features a central title in Japanese and English, surrounded by decorative elements like cherry blossoms and a traditional building. Below the title, there are ten circular frames, each containing a different historical artifact or coin. Each frame includes a small illustration, the text 'NIPPON 84', and a caption in Japanese. The artifacts include a gas lamp, a press machine, an old mint entrance, a scale, a portrait of a man, and various commemorative coins (silver, gold, copper, and a 'Wadōkaiba' coin). At the bottom, there is a date '令和 3 年 6 月 25 日' and a QR code with the number '81835'.
