# International mail service availability chart (Updated on May 9)

#### How to read the table

#### The countries/territories whose status has changed since the announcement on March 1 2024 are indicated in yellow and underlined.

For information on the delivery delays and other precautions, please see "Delays in Japan" and "Precautions concerning delivery and other matters after mail items arrive at the destination countries and territories."

- ✓ : Acceptable
- \*: Acceptable for some items or to some regions (see Restrictions)

X : Not acceptable

-: No service

Due to the ongoing reduction in transportation capacity to various countries and territories, there may be delays in the delivery of posted international mail. In addition, posted mail addressed to countries and territories that cannot be delivered due to transportation route disruptions or other reasons may be returned and the postage may be refunded. Thank you in advance for your kind understanding.

> For detailed information on EAD, please see "About Electronic Advance Data (EAD)". https://www.post.japanpost.jp/int/ead/index\_en.html

Please see "Transmitting EAD" regarding the necessity of transmitting Electronic Advance Data. Mandatory: Transmitting EAD is mandatory for items containing dutiable articles.

International ePacket Light is not acceptable because it is included in SAL Letter-post items.

HS (CN/TARIC) codes recommended: Transmitting HS (or CN/TARIC) codes of each content as EAD is recommended.

International ePacket Light is not acceptable because it is included in SAL Letter-post items.

Due to the ongoing reduction in transportation capacity to various countries and territories, there may be delays in the delivery of posted international mail. In addition, posted mail addressed to countries and territories that cannot be delivered due to transportation route disruptions or other reasons may be returned and the postage may be refunded. Thank you in advance for your kind understanding.
